

# The BLOODHOUND Project

ENGINEERING ADVENTURE

## Life at 1,050mph

### An Evening with BLOODHOUND SSC

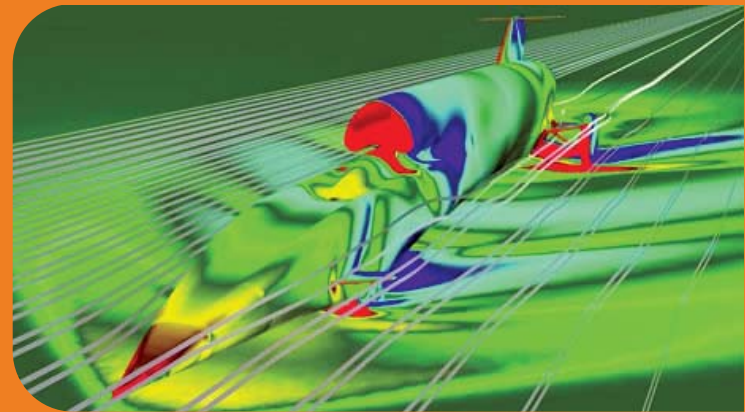

DONCASTER  
COLLEGE

For the last 25 years, Britain has held the Land Speed Record with **Thrust 2** and **Thrust SSC**.

Now, the team who developed these iconic feats of engineering are aiming to shatter their own record with **BLOODHOUND SSC** - a car capable of 1,050mph.

In this rare opportunity, you can meet The **BLOODHOUND** Team and learn about their on-going quest for speed.

**Monday 6th September, 6.00pm - 8.00pm**

**Doncaster College, Chappell Drive, Doncaster DN1 2RF**

**FREE ENTRY**

**ProtocolNational**  
Leaders in staffing for colleges

This event has been supported by Protocol National, official sponsor of The BLOODHOUND Project. Protocol National is the UK's No. 1 supplier of outsourced staffing and recruitment solutions to FE supplying lecturers, assessors and learning support workers.
