Employment and Skills Training

If you are currently unemployed we offer **fully funded courses to help you** on your way back to work. Our courses are flexible and can fit around you and are aimed at getting you back to work by developing your skills and building your confidence, classroom based or on line your tutor has a sound understanding of your chosen occupational area and will be there to support and guide you throughout your course.

Online Distance Learning and Open Learning IT Courses

Funding available: Many of our courses up to Level 3 are **fully subsidised** by the government, they are free if you are unemployed and in receipt of state benefits, or employed but on a low wage. Please contact us for more details on eligibility for subsidised funding for your course.

Adult English and Maths

Funding available: English or Maths courses are free for students who don't already have a grade 4/C or higher, and those studying to achieve their first full Level 2 or full Level 3 (and aged 19-23 at the start of the course).

Traineeships

You will be paid £40 on a weekly basis* (up to a maximum of £640 total for the duration of the programme) *subject to 100% attendance.

You will be supported to find a work placement, and receive guidance with work preparation skills.

Funding available: The Traineeship programme is part of the Government's Skills Recovery Package, therefore, free to anyone aged 16-24 (25 with an EHCP) and qualified up to level 3.

Access to Higher Education

Our Access to HE Diploma programmes are designed to support adults to build the appropriate skills and knowledge to meet the requirements for Higher Education Study.

Students under 24 do not usually pay fees. Students over 24 normally qualify for an Advanced Learner Loan. When Access students progress to a degree course, their Loan is written off and does not have to be repaid.

I was unsure if College was the right option for me as I was worried about having to study again because it had been such a long time since I had left school, my tutor was quick to reassure me and offered me a lot of support and help when I needed it. Studying on this course has made me feel more confident and provided me with a good advantage for when I apply for jobs as employers can see that I have good background knowledge.

Stacey, Level 2 Certificate in Understanding Working Practices in the Health Sector

For January we will be offering starts in:

- Business and Management
- Engineering
- Industry 4.0 and many others....
- Health and Social Care
- Children's Learning

Finance and Fees

- There are NO upfront costs for tuition
- Receive a tuition fee loan and a living costs loan
- NO repayments of loans until you have completed your qualification and are in employment

I believed I had no opportunities to better myself having been refused a place to study on a level 3 course and had never considered a degree! Following a chat with a member of the UCNL team, I enrolled on a Foundation Degree and then progressed to a full degree, BA (Hons) in Children, Learning and Development. I was diagnosed with dyslexia but was supported in my learning. Without UCNL and the amazing support, I would not be in the position I am today working in a role I enjoy. So, my question is... **What's stopping you?**

Megan Riley – BA (Hons) Children Learning and Development
